

TEXAS PRE-SERVICE & CHILD CARE EDUCATION

Our pre-service training is designed to meet Texas D.F.P.S 24-hour requirements.

The full 24-hour pre-service requirements are split into (3) 8-hour sessions.

Upon successful completion, each student will receive a certificate that illustrates the completed hours.

As each organization is different, we are able to tailor each program to each childcare facility and their needs and requirements. Each program can be customized per client specifications.
